I have shared draft guidance with the 5 leaving already, I would like to get this as tight as possible ASAP if they need to be corrected sooner than later and for future deployments. Particularly review for your Areas of Responsibility. If we need to insert anything or anyone to the process or change, I am completely open.

We will set up a deployment logistics site just for our folks too, probably on [epaossc.net](http://epaossc.net) - and include it on this sheet
